

SAFETY KNIVES RANGE

DELIVERING SAFER CUTTING AND
BETTER PRODUCTIVITY

martor

CUTTING **RISKS**
NOT **EFFICIENCY**
WITH **FREE SITE**
SURVEYS

Cutting without risks?
That's somehow a
contradiction. For
years and decades
MARTOR have
been driven by a
desire to resolve this
contradiction.

Three Safety Technologies

Concealed blade

Fully automatic blade
retraction

Automatic blade retraction

MARTOR are specialists in delivering safer cutting, better productivity and reduced material damage by equipping business with the optimum safety knife.

With over 100 types of knives used across manufacturing, construction, logistics, food and pharmaceutical, MARTOR experts offer free UK wide surveys to help you reduce your risk.

MARTOR have set standards with their GS-certified safety knives that are essential for cutting safety and protection at work. Numerous patents prove their strength to innovate.

Safe is just not safe enough.

Based on their three safety technologies and according to your needs, MARTOR aim to develop the "ideal cutting solution".

This also includes, amongst other features, to make the blade change as easy and safe as possible.

They increasingly focus on 'user friendliness' for even better ergonomics and a new modern design.

Contact your local ERIKS Service Centre on 0121 508 6000 to **book your free site survey.**

Let's make industry work better

ERIKS

SAFETY KNIVES RANGE

DELIVERING SAFER CUTTING AND BETTER PRODUCTIVITY

SECUMAX 145

Disposable Safety Knife with Concealed Blade

- Concealed blade, disposable knife
- Lightweight, ultra-tough
- Cutting depth 3.8mm

Part No	Description
MARTOR145001	SECUMAX 145 standard knife
MARTOR145007	SECUMAX 14 metal detectable knife

SECUMAX 350

Comfort Safety Knife

- Concealed blade, cutting edges
- Simple, safe blade change
- Comfortable soft grip
- Cutting depth 6mm

Part No	Description
MARTOR350001	SECUMAX350 standard soft grip knife
MARTOR3550.20	Replacement blades, 10 pack

SECUPRO 625

Heavy-duty Safety Knife

- Fully automatic blade retraction
- Reliable and robust
- Multiple applications, safely
- Cutting depth 21mm

Part No	Description
MARTOR625001	SECUPRO 625 heavy-duty safety knife
MARTOR60099.70	Replacement blades, 10 pack

SECUNORM 175

Lightweight Box Cutter

- Lightweight box cutter
- Simple, safe blade change
- Semi-automatic blade retraction
- Cutting depth 10mm

Part No	Description
MARTOR175001	SECUNORM safety lightweight box cutter
MARTOR-N045	Replacement blades, 10 pack

SECUNORM PROFI LIGHT

Safety Knife with Trapezoid Blade

- Ergonomically light
- For left and right hand users
- Cutting depth 15.5mm

Part No	Description
MARTOR123001	SECUNORM PROFI LIGHT standard safety knife
MARTOR5232	Trapezoid replacement blades, 10 pack
MARTOR65232	Optional anti-stab replacement blades, round tip, 10 pack

SECUNORM PROFI 125

Metal Detectable Safety Knife

- Semi-automatic blade retraction
- For left and right hand users
- Cutting depth 18mm

Part No	Description
MARTOR120700	SECUNORM PROFI 125 metal detectable safety knife
MARTOR199	Trapezoid replacement blades, 10 pack

SAFETY KNIFE ACCESSORIES

Part No	Description
MARTOR9920	Small holster 215x53x23mm
